

Proof of Vaccination Required for all Volunteers

To ensure the utmost safety of our students and staff, St. Paul's High School requires that all who wish to volunteer in any capacity at the school are fully vaccinated. Parents who wish to volunteer at the school in any capacity must show proof of vaccination **prior** to their volunteer shift. This proof of vaccination will only be required to be shown once for the duration of the school year, and must be shown in person.

Parents are asked to contact Mrs. Tasha Lagasse, Executive Assistant to the President, in order to arrange a date and time to provide their proof of vaccination.

Acceptable documents providing proof of vaccination consists of:

- photo identification bearing the full name and corresponding to the person presenting the vaccination status documents along with an original of one of the following:
 - a) Manitoba Immunization Card (digital or physical), or
 - b) A secure printed provincial immunization record from either public health or the Shared Health online portal that shows immunization dates.
 - c) National Defence Canada COVID-19 Vaccine Record / Card, or
 - d) Canadian Public Health Association (CPHA) Travel Vaccination Record, or
 - e) An official document issued by an appropriate health authority outside of Manitoba, confirming the person's COVID-19 vaccination history (for examples of Canadian documents, please see https://manitoba.ca/asset_library/en/covidvaccine/covid19-immunization-record-samples).

We thank everyone for their cooperation and understanding as we strive to keep St. Paul's High School as safe as possible for all students and staff.
